Update: July 2017
A. FOOD

1. Food Pantries in Boston

See Appendix A.

2. Project Bread

Project Bread can give you information about food stamps, tell you what food pantries and food kitchens are near you, and tell you food stamp outreach locations. They have translators in several languages. Call their Food Source Hotline, 1-800-645-8333; TTY: 1-800-377-1292. Their hours are Monday through Friday 8:00 a.m. – 7:00 p.m.; Saturday 10:00 a.m. – 2:00 p.m. Their website is www.projectbread.org, and the address is 145 Border Street, East Boston MA 02128 or call 617-723-5000.

3. Food Stamps (SNAP)

Everyone has the right to apply for Food Stamps (now called SNAP, Supplemental Nutrition Assistance Program) at their local DTA office, on the Internet, by mailing in an application, or at other food stamp outreach locations. Call the DTA at 1-800-249-2007 or their website at: www.mass.gov/dta for more information about food stamps or visit webapps.ehs.state.ma.us/DTA Offices/ to find your local DTA office. You can also call Project Bread’s Food Source Hotline at 1-800-645-8333 for help finding food resources in your area or their website at www.projectbread.org. You have the right to sign a paper application the same day you go into a DTA local office or sign an online application electronically.

You can also apply online by going http://www.mass.gov/snap or www.gettingsnap.org and clicking on the link for the SNAP application. Then, click on “Apply” for the online application, or you can print out a paper application off the DTA website. If you do not want to apply online or do not have access to the Internet, you can ask DTA (at the number above) to mail you a copy and you can mail or fax it back after you fill it out.

You can get expedited (fast) food stamps if you have little or no income and assets, or if your shelter costs are higher than your income and money in the bank. This means that you should receive the benefits on an EBT card within 7 days of when DTA receives a signed application and screens you for expedited benefits. It is sometimes best to go in person if you need food stamps fast. DTA will ask for proof of who you are (your identity) and will ask you about your income, money in the bank, and expenses, to see if you qualify. You do not need a photo ID or birth certificate. If you do not have any proof of identity but you know your SSN, DTA can check your identity through your SSN and date of birth.

If you are not eligible for expedited food stamps, you can still get food stamps within 30 days of when you apply, if you meet the eligibility rules. You will need to be interviewed—either over the phone or in person—and provide proofs of your income, your address, and your immigration status (if you are not a U.S. citizen). You can self-attest to your shelter costs and child care expenses by writing them on the paper application or giving your worker a signed sworn statement. You can provide proof of your address in many ways, such as with a bill, your lease, an I.D., or government letter. You should receive a letter in the mail after you apply that tells you when your
interview is scheduled. After your interview, you will also get a letter about the proofs you will need to send to your worker. Unless you need expedited food stamps, Department of Transitional Assistance (DTA) does not count assets in deciding if you are eligible for benefits.

Be sure to tell DTA if you pay for childcare or before/after school fees, or if you pay for the care of a disabled adult so that you can work or go to school yourself. You can also claim the costs of travel (public transportation or a car) to and from childcare, after school programs, etc., at the federal mileage rate of 56.5 cents per mile. You can provide a sworn statement about your childcare costs. Claiming childcare expenses can increase your food stamps.

If anyone in your household is severely disabled or age 60 or older, they can also claim the cost of any out-of-pocket medical expenses to increase food stamps. Medical expenses that can be claimed include transportation to doctor appointments and pharmacies to pick up medication (at 56.5 cents per mile). It also includes Medicaid co-payments, Medicare premiums, over-the-counter health care supplies such as aspirin, hearing aid batteries, eyeglasses, skin ointments, incontinence supplies, or any other medical supplies recommended by a health provider. It can also include alternative therapy costs not covered by MassHealth or Medicare (chiropractic, acupuncture, massage therapy, herbal remedies). You can also claim and prove the cost for service animals. You will need to provide proofs of your medical expenses, and a list of medical facilities you visit to claim transportation. If an elder (60+) or disabled household member has more than $35/month in medical related expenses, you will get a deduction on your income, which means you could increase your food stamp benefits. Claiming medical expenses can increase your food stamp benefits.

College students may also qualify for food stamps if they are low-income and meet any of the following: a) the student gets any amount of federal or state work study, b) works an average of 20 hours a week, c) has children under age 12 or gets TAFDC, d) is disabled, e) is over age 49 or under 18, f) is enrolled in school through an Employment and Training Program or the Division of Unemployment. In addition, any students enrolled in community college programs may also qualify for food stamps if they are enrolled in a career or technical education major or certificate program, or if the college thinks their course of study will lead to employment. DTA has a form for community colleges to sign to verify the course of study of these students. Students or other young adults under age 22 who live at home with parents must be part of the parent’s SNAP benefits.

If you are denied food stamps or disagree with the amount of your benefits, you have the right to question and challenge any decisions made by DTA that you disagree with. There is information online about food stamps and about how to appeal a denial of benefits: www.masslegalhelp.org or call client services at 1-800-445-6604. You can also contact the Legal Services office in your area for advice and legal representation.

Things You Need To Know About Photo EBT Cards

Massachusetts state law now requires that certain EBT cardholders be issued Photo EBT Cards with their picture. If you receive SNAP or cash benefits, you may get a letter from DTA about the new photo EBT card.
➢ **About half of SNAP households will have a photo EBT card.**

Under state law, households will get a photo-less EBT card when the head of household is: elderly/disabled, a victim of domestic violence, or for religious reasons.

If you get a DTA letter about the photo EBT card, but you meet one of the above categories, call your DTA worker. You should be exempt from having a photo on your EBT card, unless you want one.

➢ **Every SNAP household member has the right to use the EBT card.**

Stores cannot refuse to accept the EBT card from household members, such as spouses or older children. This is true even if their name or photo is not on the card. In addition, caregivers you authorize can also use your EBT card to food shop for you.

Just like a debit card, your PIN is what keeps your benefits safe and is your electronic signature. If the proper PIN is used, the shopper should be able to use the card.

➢ **Stores cannot treat SNAP recipients differently from other shoppers.**

A store clerk cannot ask to see your EBT photo card unless they routinely ask everyone using credit or debit cards to show a photo ID. Also, stores that accept EBT cards cannot set up “SNAP-only” checkout lines or discriminate against SNAP households.

Federal rules protect the right of all authorized members to use the EBT card and to not be discriminated against.

For more information, contact Vicky Negus, SNAP Advocate, Massachusetts Law Reform Institute, 617-357-0700 x 318 and her email is vnegus@mlri.org.

If a household member is not allowed to use the EBT card, or if you are being hassled or treated differently from other shoppers, call your local Legal Services office. Go to [www.masslegalhelp.org](http://www.masslegalhelp.org) for more information.

B. HOUSING AND HOMELESSNESS

1. Help with housing problems

ABCD-Housing Court Advocacy Program is for people going through eviction or housing court. Their Housing Court Advocacy (HCA) program is part of the Housing and Homelessness Prevention Department's array of homelessness prevention and stabilization programs. This program helps low and moderate income households living in Boston prevent eviction, maintain their tenancy, and understand their tenant's rights and responsibilities. Their number is 617-348-6347. Their website is www.bostonabcd.org/housing.

The HCA program staff advocate for tenants before and during court proceedings to help maintain their tenancy by:

Educating clients on their rights and responsibilities. Ensuring clients' rights are observed in the courtroom. Supporting clients during mediation with a landlord or property manager. Providing clients with external resources to help maintain their tenancy

When a tenant receives a 14- or 30-day Notice to Quit or is summoned to appear in the Boston Housing Court, Housing Court Advocates may assist the tenant during recertification, eviction, and grievance panel hearings. On an individual basis, HCA staff support clients before and during the court process and seek legal assistance when necessary.

2. If you face housing discrimination

Fair Housing Center of Greater Boston is the only comprehensive fair housing organization working to eliminate housing discrimination and promote open communities throughout the region. The FHCGB pursues its mission in Suffolk, Norfolk, Middlesex, Essex and Plymouth counties through offering a full tool kit of fair housing services: Housing Counseling, Testing, Case Advocacy, Training, Community Outreach, Policy Advocacy, and Research. Funded by the U.S. Department of Housing and Urban Development, foundation and corporate donors, and individual supporters, the FHCGB works to break the silence surrounding housing discrimination, to offer recourse to people harmed by discrimination, and educate and inform housing professionals and residents of their rights and responsibilities.
If you are experiencing homelessness or at imminent risk . . .

3. The Department of Housing and Community Development (DHCD)

DHCD in Massachusetts offers services and money to families experiencing homelessness at their Division of Housing Stabilization offices, located at DTA offices. They assess your situation and try to help you work out a plan to avoid or exit homelessness. If you are a pregnant woman or family with children under the age of 21 and need shelter, a worker will help you. If you are an unaccompanied adult, you can apply for a shelter bed directly through a shelter provider. An online list of adult shelter providers can be found online at http://www.mahomeless.org/index.php/adults.

4. HomeBASE “Household Assistance”

Household Assistance is part of the HomeBASE program for homeless families with children and pregnant women who have no place to stay. To get Household Assistance, you need to apply for and be otherwise eligible for Emergency Assistance (EA) shelter. Household Assistance is up to $4,000 a year. The money is to help your family move into or keep short-term housing. The $4,000 can pay expenses for you to move somewhere else, to help you stay with someone you know, or to help you stay where you are now. DHCD will make these payments to a landlord, utility company, or moving company or in the form of payments to your host — not to you.

Household Assistance may not be the right answer for your family. You can still get Emergency Assistance (EA) shelter if you need it and your family meets the current eligibility standards for the EA program.

If you go into a shelter, you will get help to look for housing you can afford for a longer stay. You may be able to get HomeBASE rental assistance later to help you exit shelter.

Are you sure $4,000 is enough money to keep your family in housing for one full year? If the whole $4,000 is spent before the end of 12 months and you end up homeless again, you will not be able to get any more help from HomeBASE for the rest of the 12-month period, under current rules. Separate resources, however, may be available.

How will Household Assistance affect the family you are staying with? Your host’s landlord must agree that your family can stay before Household Assistance will be approved. You may have to be added to the lease. Your host’s rent may go up. If Household Assistance pays all of your host’s rent or utilities, it could be counted as income for your host. Your host may get fewer benefits, such TAFDC (Transitional AID to Families with Dependent Children), EAEDC (Emergency AID to the Elderly, Disabled and Children), or SSI (Supplemental Security Income).

You can file an appeal if you feel you were forced to take or wrongly denied Household Assistance. Contact legal services or someone else you trust for advice or for help with your appeal. If you have questions about HomeBASE, you can call DHCD’s Recipient Services Line: (617-573-1100). You can also call the Homeless Family Call-in Line at the Massachusetts Law Reform: 617-357-0700 x376 or the Massachusetts Coalition for the Homeless: 781-595-7570. To

5. Residential Assistance for Families in Transition (RAFT) Homelessness Prevention Program

If you and your family are at imminent risk of homelessness, you may be eligible for Residential Assistance for Families in Transition (RAFT), a state-funded homelessness prevention program administered by the Massachusetts Department of Housing and Community Development (DHCD) and the statewide network of Housing Consumer Education Centers (HCECs). For state fiscal year 2016, which began on July 1, 2015, RAFT was funded at $13 million in 2017. The program is targeted to families with children under the age of 21 and/or pregnant women with incomes at or below 50% of area median income, with at least 50% of the funds for families at or below 30% of area median income. Eligible families may receive up to $4,000 in a 12-month period to pay for expenses to avoid homelessness or rapidly exit homelessness. In the Boston area, RAFT is administered by Metropolitan Boston Housing Partnership’s HCEC, 125 Lincoln Street, 5th Floor, Boston 02111, 800-272-0400 or 617-425-6700.

The HEC provides limited financial assistance when available (such as RAFT), and they can help with other types of housing resources and advocacy year-round. If you are a homeowner and would like to talk with their foreclosure counselor, contact Stephen Freeman at 617-425-6761. More information is on their website, [www.mbhp.org](http://www.mbhp.org).

Coalition for the Homeless is located at 15 Bubier Street, Lynn, MA 01901. Contact them at 781-595-7570. Their website is: [www.mahomeless.org](http://www.mahomeless.org). They have a lot of information and materials there.

D. CASH ASSISTANCE – Temporary Assistance for Families with Dependent Children (TAFDC)

1. Work requirement for TAFDC recipients

Apply at your local Department of Transitional Assistance (DTA) office or call 1-800-249-2007.
TAFDC applicants must complete a documented job search from the date of application until eligibility is determined. An applicant must be evaluated for a disability or other good cause exemptions, including lack of child care and lack of transportation, to be exempt from the job search application requirement. Call Greater Boston Legal Services, 617-371-1234, if you have been denied benefits because of the job search requirement, even though you have a good cause exemption.

Sometimes DTA puts pressure on workers to get more parents who receive TAFDC to hold down a job or do work activities of 20 to 30 hours per week. If you are being pressured by your welfare worker to do something you are unable to do, such as hold down or search for a job or another activity for some or all of the hours, ask your legal services office for help. You may be eligible to be exempt from the work requirement or time limit, or you may be eligible for a “good cause” exception.

Going to an education or training program counts toward the work requirement for a total of twelve (12) months. Most kinds of adult education and job training programs count. College programs, including 4 year colleges, can also count. (You need to major in something that will lead to a job.) Time spent in education and training when you are exempt from the work requirement does not count against your 12 months. If you need more than 12 months, check with Legal Services. There are various ways you may be able to get more time. The fact that a program will last more than 12 months is not legal grounds for DTA to refuse to count it for at least 12 months.

For people in shelter, DTA must treat housing search as fully meeting the work requirement, as long as the housing search you do meets the requirements of the Emergency Assistance (EA) shelter rules or, for non-EA shelters, the shelter’s rules — no matter how many hours of housing search you do. However, the current Commissioner is denying extensions of the 24-month time limit to some families that need them on the grounds that they “should” have done more than housing search, even though not required to at the time. Legal services may be able to help, but if you can do another activity, it would be safer, since any family could end up needing TAFDC longer than 24 months.

DTA is not supposed to lower or stop your benefits under the work requirement or your DTA Employment Development Plan if you have good cause, such as:

- you don't have suitable child care in place;
- you don't have affordable and reliable transportation;
- you need to do housing search because you can’t stay where you are currently living
- even though you didn't find your own activity, DTA hasn't given you a community service site that is suitable for you and that will take you;
- you are sick, injured, or disabled (this might give you the right to be completely exempt);
- you have to care for a family member who has an illness or disability (this might give you the right to be completely exempt);
✓ you have a family crisis, an emergency or other compelling circumstance beyond your control;

✓ you don't want to stay at or accept a job that: violated minimum wage laws; discriminated on the basis of age, sex, race, religion, ethnic origin, or physical or mental disability; violated health and safety standards; or was available due to a strike or lockout.

Also, DTA is not supposed to lower or stop your benefits without first giving you a chance to talk about whether any good cause reasons apply. If you think DTA made a mistake in lowering or stopping your benefits, quickly file an appeal and contact your local Legal Services Office for help. Faxing your appeal to DTA’s Division of Hearings no later than the day before your benefits are supposed to stop or be lowered gives you the right to keep getting your full benefits until your case is resolved or there’s a hearing decision. Call to be sure your fax was received.

G. **TAX CREDITS**

1. **Earned Income Tax Credit**

   a. **Get money back from Earned Income Tax Credit**

   The Earned Income Tax Credit (EIC or EITC) is a refundable credit for workers with low or moderate earned incomes. This credit is meant to supplement the income you have earned through working, whether for yourself (self-employed) or for someone else. If you qualify for the Earned Income Tax Credit you can reduce your taxes and increase your tax refund. In general, the EITC allows more working people and their families to keep more of their hard-earned money.

   b. **Who is eligible for the Earned Income Tax Credit?**

   The EITC phases out entirely (is not available) for taxpayers with an adjusted gross income of: $14,820 with no Qualifying Children ($20,330 if married filing jointly) $39,131 with one Qualifying Child ($44,651 if married filing jointly) $44,454 with two Qualifying Children ($49,974 if married filing jointly)

   c. **How Much Earned Income Tax Credit Do I Get?**

   The amount of Earned Income Credit you get depends on several factors. In general, your credit
is more valuable if you have one or more **Qualifying Children**.

The maximum amount of credit for Tax Year 2016 is:

- $6,269 with three or more qualifying children
- $5,572 with two qualifying children
- $3,373 with one qualifying child
- $506 with no qualifying children

For more information on whether a child qualifies you for EITC, see:

- [Qualifying Child Rules](#), or
- [Publication 596, Rules If You Have a Qualifying Child](#).

You earned this money, so don’t let your refund go unclaimed.

d. **Who can get the EITC and how much is it worth?**

- Single or married people who worked full-time or part-time at some point in 2016 can qualify for the EIC, depending on their income. College students who have a work-study job can get EIC.

- Workers who were raising one child in their home and had income of less than $39,296 (or $44,846 for married workers) in 2016 can get an EIC of up to $3,373.

- Workers who were raising two children in their home and had income of less than $44,648 (or $50,198 for married workers) in 2016 can get an EIC of up to $5,752.

- Workers who were raising three or more children in their home and had income of less than $47,977 (or $53,505 for married workers) in 2016 can get an EIC of up to $6,269.

- Workers who were not raising children in their home, were between ages 25 and 64 on December 31, 2015, and had income below $14,880 (or $20,430 for married workers) can get an EIC up to $506.

If you would like to get an estimate of how much you might be entitled to get back, go to the EITC website at [www.cbpp.org/eic2014/calculator](http://www.cbpp.org/eic2014/calculator). You can get EITC Advance Payments in your paychecks. To get EITC Advance payments, give a W-5 form to your employer. You can get the W-5 from your employer, or by calling the IRS at 1-800-TAX-FORM (1-800-829-3676). If you have a checking account, you can have your EITC refund deposited directly.

Some people pay money to a private tax company like H&R Block to get help in filing their tax form or to get the money right away. Rather than do that, try to get free advice. Keep the money in your pocket, or save it and use it to build a better future for you and your family. ABCD runs
13 tax preparation sites in Boston (www.bostonabcd.org). To find the tax preparation site nearest you, go to http://masscashback.ehs.state.ma.us.

A family’s earned income tax credit payments do not count as income in determining eligibility or benefit levels for TAFDC, Medicaid, food stamps, SSI, work experience activities (such as community service), or public housing.

To figure your EITC, use a special worksheet included as part of the EITC instructions in form 1040, 1040A, or 1040EZ.

Massachusetts workers get an extra state credit worth 15% of their federal credit. You can order a tax form and get more information by calling 617-887-6367 or 1-800-392-6089. Their website is www.mass.gov/dor.

2. The Child Tax Credit: An extra tax break for working families!

The Child Tax Credit (CTC) is a federal tax credit worth up to $1,000 for each qualifying child under age 17 claimed on the worker’s tax return. To be eligible for the CTC refund, a single or married worker must:

- have a qualifying child under age 19

- have taxable earned income above $3,400

- have either a Social Security number or an Individual Taxpayer Identification Number.

Immigrant workers with either type of number may be able to claim the CTC refund.

Eligible families can get up to $1,000 for each qualifying child under age 19 claimed on their tax return.

To get the Child Tax Credit refund, file a federal tax return—Form 1040 or 1040A, but not 1040EZ. Some families can get the credit even if they owe no income tax. This is called the Additional CTC refund. To find out if you are eligible for this, file form 8812. This form must be attached to the tax return for a family to receive the CTC refund.

Working families can get both the Child Tax Credit refund and the Earned Income Credit. Neither the Earned Income Credit nor the Child Tax Credit refund counts as income in determining eligibility for any federal, state or local benefits such as food stamps, SSI, or child care financed even in part by federal funds.

1. City Life/Vida Urbana

This is a 40 year-old bilingual, community organization whose mission is to fight for racial, social and economic justice and gender equality by building working class power through direct action, coalition building, education and advocacy. In organizing poor and working class people of diverse race and nationalities, they promote individual empowerment, develop community leaders, and are building a movement to effect systemic change and transform society. Their roots are in promoting tenant rights and preventing housing displacement. In response to the devastating impact of the foreclosure crisis on communities in Boston, they launched a major campaign in 2007, the Post-Foreclosure Eviction Defense campaign to help keep people facing foreclosure in their homes. Victories won by hundreds of organized families have created public and political pressure, which is driving legislative reform and has inspired the emergence of similar campaigns across the region.
In 2011, a grant from the Open Society Foundations’ Neighborhood Stabilization Initiative has made it possible for them to expand this effort beyond Boston. They are now working closely with groups in four other cities and towns within Massachusetts and Rhode Island that have begun to replicate this model. Through regional and national presentations and trainings, CL/VU is extending its impact. CL/VU maintains its core commitment to movement building and working across issues through staff and members’ active participation in numerous peace and justice coalitions.
